MEDICOVER COMPLETES DIVESTMENT OF MEDICOVER HOSPITALS INDIA AND STRENGTHENS FOCUS ON KEY MARKETS IN EUROPE

Medicover ("Medicover" or the "Group") has completed the divestment of Medicover Hospitals India ("MHI") to funds managed by global investment firm KKR (the "Transaction"). The Transaction generates gross cash proceeds of approximately EUR 0.75 billion to Medicover. The proceeds strengthen the Group's financial position and provide increased flexibility to accelerate strategy execution in Poland, Germany and Romania.

Following the completion of the Transaction, Medicover is strategically focused on healthcare and diagnostic services in its key European markets, with enhanced flexibility to support organic growth, operational improvements and selective investment opportunities.

John Stubbington, CEO of Medicover, comments:
"The completion of this transaction marks an important milestone for Medicover. We are proud of what has been achieved in India and grateful to our colleagues and partners who have contributed to building a leading healthcare platform. With a stronger financial position and increased strategic flexibility, Medicover is well positioned to accelerate execution of its strategy and create long-term value in its key European markets."
