

Ringreparationer i Kinna joins CTS

Last year, Colmec, Lapin Kumi, and several tire shops across Sweden and Finland came together to form a new tire services group, which is currently operating under the working name CTS. Today, Ringreparationer i Kinna is joining CTS.

Ringreparationer i Kinna is a leading tire service company in western Sweden, serving traffic in between Gothenburg, Borås and Varberg. Kinna was founded by Tomas Runesson in 1990 and under his leadership the company has successfully grown to three tire shops in Skene, Bollebygd and Kinna and now serves customers across all vehicle types. Along the way, the Tomas has built several longstanding customer relationships.

"We are thrilled to welcome Tomas Runesson and team Kinna to our group" said David Boman, CEO of CTS. "With Ringreparationer i Kinna we are adding a strong team in in Skene, Bollebygd and Kinna, but also establishing our presence in Western Sweden. We look forward to continuing to growing in this region on the back of this great addition to the group"

"Having built Ringreparationer i Kinna to where it is today, I am happy to have found the right partner to help the business continue to grow. I have been looking for a long-term partner and I now join a group where I already know several people well" says Tomas Runesson, owner of Ringreparationer i Kinna.

Ringreparationer i Kinna will continue to operate under the same name and with the same team. Tomas will remain operational in the company and become a co-owner of CTS.

About CTS

CTS is the working name for a new circular, customer-centric tire services group. We help vehicle users maximize uptime and mileage by servicing tires in a convenient and life-extending manner. For commercial vehicle tires, we operate a fully circular model – extending the useful life of tires well beyond their normal lifespan.

We are home to 700 employees across Sweden, Finland, Norway, and Poland. We operate 51 tire shops and 5 retreading sites. Our mission is to keep society moving in a seamless, less wasteful way
