

OPTICEPT TECHNOLOGIES - POSITIVE RESULTS FOR INDUSTRIAL EVALUATION REGARDING OATCEPT

A pilot test for industrial CEPT treatment of oat milk has now been carried out with a positive result. As previously communicated, the treatment chamber needed to be optimized and then qualified with the help of pilot tests on an industrial scale. These tests have now been confirmed and carried out with very positive results.

oatCEPT provides improved foaming ability, emulsion stability, and reduced need for added enzymes in oat milk. The next step will be to analyze the industrially produced product to confirm oatCEPT's positive impact. Answers are expected during the summer. Once the positive outcome has been confirmed, oatCEPT will be launched commercially.

“It is gratifying that we have now succeeded in further developing the technology to work in an industrial environment. We look forward to confirming the good results we have seen in our lab tests to then be ready for the next step in the launch of this exciting product area.”

CEO OptiCept Technologies Thomas Lundqvist

About Us

OptiCept Technologies AB (publ) provides the food and plant industry with technological solutions that contribute to a more sustainable world and enable climate-smart economic growth. OptiCept optimizes biological processes - Increased extraction from raw material, extended shelf life, reduced waste, and improved quality (taste, aroma, color, nutritional content) of the final product.

The positive effects of technology increase efficiency for our customers, better products for the consumers, and minimal impact on our environment. Through patented technology in PEF (pulsed electric field) and VI (Vacuum Infusion), the technology opens up new business opportunities for the food and plant industry worldwide. OptiCept's vision is to contribute to a sustainable world by offering efficient green cutting-edge technology that is easy to use in the areas of FoodTech and PlantTech.

The company is located in Lund and the share is traded on the Nasdaq First North Growth Market. Erik Penser Bank is a Certified Adviser and is available at 08-463 80 00 or certifiedadviser@penser.se.
