

Neola Medical to Present at BioStock on September 22

Neola Medical AB will participate in BioStock's investor event "Investing in Life Science – From Seed to Success" in Stockholm on September 22, 2026.

CEO Hanna Sjöström will present Neola Medical's latest progress and strategic priorities, including the recently granted FDA Breakthrough Device Designation for Neola®, and outline the company's continued development toward the U.S. market.

The presentation will take place at 09:45 CET at IVA Konferens, Grev Turegatan 16, Stockholm.

"Following the FDA Breakthrough Device Designation, we are entering an important phase for Neola Medical. I look forward to meeting investors in Stockholm and sharing more about our recent progress, our sharpened clinical and regulatory strategy, and the next steps toward bringing Neola® to neonatal intensive care," says Hanna Sjöström, CEO of Neola Medical.

About Neola Medical

Neola Medical AB (publ) develops an innovative medical technology device for non-invasive, continuous lung monitoring and real-time alerts of potentially life-threatening lung collapse in preterm born babies. By enabling instant detection, the technology aims to support earlier intervention, improve clinical decision-making, enhance long-term outcomes, and ultimately contribute to saving lives. The patented, cutting-edge technology was developed at Lund University in Sweden and is based on near-infrared light measurements in the lungs. Neola Medical builds on Sweden's longstanding legacy of medical technology innovation and contributions to global health care. Neola Medical was founded in 2016 and is listed on NASDAQ First North Growth Market (ticker: NEOLA). Read more at www.neolamedical.com. The company's Certified Adviser is FNCA Sweden AB.
