

# Enersize advances the publication date of its Q1 2026 interim report

**Enersize Oy ("Enersize" or the "Company") announces that the publication of its interim report for the first quarter of 2026 has been brought forward to 21 April 2026. The previously communicated date was 21 May 2026.**

The reason for the change is that the preparation of the report will be completed earlier than planned.

All other planned reporting dates for the 2026 financial year remain unchanged.

## About Enersize

---

Enersize develops and provides specialized software, tools, and services for improving energy efficiency in industrial compressed air systems – one of the most energy-intensive processes in manufacturing. The company's technology platform enables detailed monitoring, analysis, and real-time optimization of compressed air systems, with the aim of reducing energy consumption, detecting leaks, and improving operational performance.

Enersize works with a wide range of industrial companies that recognize energy efficiency as a strategic priority – both for improving financial performance and for reducing environmental impact. The solutions are scalable and designed to integrate seamlessly into both existing and new system environments.

The company is listed on Nasdaq Stockholm First North Growth Market under the ticker: ENERS.
