Zordix Announces Projekt Z, a First-Person Co-op Zombie Shooter Game

Projekt Z is an atmospheric First-Person Zombie Co-Op-Shooter set on a Nazi-controlled island during WWII, announced today by Zordix Group publisher, Modus Games in collaboration with 314 Arts.

Umeå, Sweden (October 12, 2022) – Zordix AB (Publ)'s (Nasdaq: ZORDIX B) publisher Modus Games, in a jointly owned production of a new IP together with German studio 314 Arts, today announced that the co-op zombie survival shooter Projekt Z will see a full release on Xbox X|S, PlayStation®5, and PC.

The game is set in a distinctive WWII zombie environment for a diverse crew of soldiers, each with their unique abilities, whose mission is to unravel the secrets of a Nazi experiment on a lush, remote island. Players will discover covert schemes related and unrelated to "Projekt Z" – a plan formulated by the Nazis to turn zombies into weapons to shift the war in their favor.

"Projekt Z is a stepping-stone on the roadmap of building new strong IPs within the video games industry for Zordix. We are devoted to our long-term plan of diversifying our revenue funnel by strategically publishing our own IPs in collaborations like this with Studio 314 Arts, a mix of deep game development involvement, and launch support," says Christina Seelye, CEO of Zordix.

Already attracting a devoted fanbase, Projekt Z's feature set upon launch will be expansive. Build and customize your hideout, craft and upgrade weapons, recruit allies, select your missions based on your character's story arc, solve sporadic puzzles, find hidden loot, and fight hordes of undead across multiple modes. About Zordix

Zordix is a multinational development and publishing group dedicated to bringing the highest level of innovation, technology, and creative ambition to the global games market through its growing family of brands. The group currently consists of five studios and four publishers and leverages each entity's unique capabilities and brand identity to deliver influential and entertaining content to gamers worldwide. Dimfrost Studio, Invictus, Mane6, Zordix Racing, and Modus Studios make up the Zordix development branch, while Maximum Games, Merge Games, Modus Games, and Just For Games publish both owned original IP and third-party content across consoles and PC. Headquartered in Umeå, Sweden, Zordix employs over 200 people across offices in the US, Latin America, Sweden, France, UK, and Hungary. Through strategic acquisitions, leveraging its massive global infrastructure, and perpetually seeking artistic and inspired games to bring to market, Zordix continues to scale with the expanding industry.
