

## Obducat receives order valued at 7.4 million SEK from an existing customer in the MEMS industry

OB Ducat AB (publ) subsidiary Obducat Europe GmbH, a leading supplier of system solutions for lithography processing, has received an order from an existing world-leading customer active in manufacturing of MEMS components, for the supply of a fully automated Microcluster Processing Tool. The order value amounts to approx. 7.4 million SEK.

The fully automated Microcluster tool will be used in the manufacturing process for various MEMS components. Further information cannot be disclosed at this point in time.

The system will be delivered in the second quarter 2023.

### About Obducat AB (publ)

Obducat AB (publ) is an innovative developer and supplier of technologies, products and processes used for the production and replication of advanced micro and nano structures. Obducat's products and services serve the demands of companies within the LED, OLED, semiconductor, displays, biomedical and MEMS industries. Obducat's technologies include nano imprint technology, coating technology and wet processing technology. Obducat has offices in Sweden, Germany and China and the headquarter is located in Lund, Sweden. Obducat is a public company. Obducat's shares are traded on the Swedish NGM Main Regulated Equity exchange.
