

Far Far West scheduled for release April 28, 2026 – Over 580,000 wishlists and 98 percent positive reviews

Enad Global 7 (“EG7”) today announces that Far Far West, published by Fireshine Games and developed by Evil Raptor, is scheduled for release on PC via Steam on April 28, 2026.

Far Far West is a co-op first-person shooter set in a stylized western world with supernatural elements. The game offers both solo and multiplayer experiences, where players take on the role of bounty hunters completing contracts in a dynamic environment featuring varied enemies, weapons, and progression systems.

Ahead of launch, the title has demonstrated strong player reception. A previous demo on Steam achieved a 98 percent “Overwhelmingly Positive” rating based on more than 6,000 user reviews. In addition, Far Far West has built significant pre-launch traction, with over 580,000 wishlists on Steam, indicating strong commercial potential ahead of release.

Fireshine Games continues to expand its publishing activities within the indie segment, including digital releases, in line with the Group’s focus on investing in new projects to support medium- to long-term growth.
