

PROLIGHT

Diagnostics you can count on

Investor letter July 25, 2023

AACC is now ADLM

“At the opening plenary of the 2023 Annual Scientific Meeting on Sunday, July 23, AACC officially became the Association for Diagnostics & Laboratory Medicine (ADLM). This historic name change reflects our diverse membership, which includes all professionals working within or adjacent to clinical laboratories”, said AACC organisation.

Prolight Diagnostics launches a new homepage

In conjunction with the international congress, 2023 AACC Annual Scientific Meeting + Clinical Lab Expo in Anaheim, US, Prolight Diagnostics launches a new homepage, www.prolightdx.com designed to better reflect the rapid development of our unique, digital, single molecule counting POC-system Psyros™ and how it meets every stringent requirement set by the market.

Please visit our new homepage via the link above or via the QR-code.

Team Prolight on site at 2023 AACC Annual Scientific Meeting + Clinical Lab Expo in the US

The team on site during this congress consists of Steve Ross (CTO), Aileen McGettrick (Head of Product Development), Tobias Volker (Business Development) and Ulf Bladin (CEO). We look forward to many exciting meetings and discussions in connection with the showcase of our ground-breaking POC system concept, Psyros™.

During this international congress, our cooperation partner, TTP (The technology Partnership) will also showcase the POC system concept MicroFlex and the latest innovation, including a new environmental friendly cartridge, ecoflex. For more info see [PDF document](#).
