Modulight in brief

Modulight Corporation is a biomedical laser company that designs and manufactures products for oncology, ophthalmology and genetics. The company also provides solutions for selected high value-add applications including quantum computing and digital press. The company's products include medical devices, subsystems, software, cloud services and specialized semiconductors. Modulight's products are used worldwide by many Fortune 500 companies, international pharmaceutical companies, and well-known cancer centers and universities. Modulight was founded in 2000 and is headquartered in Tampere, Finland.
