About Vicore Pharma

Vicore Pharma Holding AB is a clinical-stage pharmaceutical company unlocking the potential of a new class of drugs with disease-modifying potential in respiratory and fibrotic diseases, including idiopathic pulmonary fibrosis (IPF). The company's lead program, buloxibutid (C21), is a first-in-class oral small molecule angiotensin II type 2 (AT2) receptor agonist, which has received Orphan Drug and Fast Track designation from the United States Food and Drug Administration (FDA) and is currently being investigated in the global 52-week Phase 2b ASPIRE trial in IPF.

The company is publicly listed on the Nasdaq Stockholm exchange (VICO). www.vicorepharma.com
