

GHP enters collaboration with Avonova

Avonova and GHP has today reached a partnership agreement with the purpose of exploring the opportunity of combining Avonova's and GHP's services to a joint bundled service offering.

"Our customers in occupational health are asking for holistic and complete solutions, and our collaboration with GHP will enable us to broaden our health offering.", says Max van Eijk, CEO at Avonova Group.

"It is very exciting to establish a partnership with Avonova. We look forward to compose a high quality service to the market. The fact that Avonova values our experiences and documented great results, gives credit to our investments in recent years.", says Ludvig Dalemar, Business Area Manager at GHP Vårdsamverkan.

The details of the partnership will be worked out now that the agreement is signed. The continued partnership will not have any significant impact on GHP's financial results 2021.

About Us

GHP is an internationally active health care provider that operates specialist clinics in a select number of diagnostic areas through the application of a business model that is unique in the health care industry, where leading doctors and medical staff become partners and shareholders. Each clinic specialises in a particular patient group, and this leads to increased efficiency and higher quality. This is the cornerstone of GHP's business philosophy – "Quality through specialisation". GHP shares are traded on the Small Cap list of Nasdaq Stockholm under the ticker symbol "GHP".
