Press Release // Malmö, Sweden // April 19, 2021

Thule is a two-time winner at the iF Design Award 2021

Each year, the world's oldest independent design organization, Hannover-based iF International Forum Design GmbH, selects the best candidates for the global competition iF Design Award.

This year, Thule is awarded the iF Design Award for two products: Thule TopRide and Thule RoundTrip Bike Duffel.

In the iF Final Jury, 98 international independent design experts decided to honor our design achievements with the iF Design Award 2021 out of over 10.000 entries.

Thule TopRide is a premium fork mount roof bike rack for the bike enthusiast with fast and easy mounting for both Thru-axle and standard Quick-release bikes.

Thule RoundTrip Bike Duffel is a purpose-built bike gear bag for the dedicated cyclist, with infinite organization to house wearables and accessories from one ride to the next.

About Thule

The Thule brand was established in 1942. Under the motto *Bring your life*, Thule globally offers a wide range of premium products for active people that allow them to bring what they care most for – safely, easily and in style. Thule designs and manufactures roof racks, bike, water and winter sport carriers, roof boxes, computer, and camera bags, sports bags and backpacks and child-related products such as baby joggers, child bike seats and bike trailers. The products are sold in more than 140 countries. Thule is the largest brand in Thule Group.
