About Tamtron

Tamtron is an international weighing technology company and data management systems provider. Tamtron supplies solutions to over 60 countries, to all major industries, including civil engineering, mining, forestry, waste management and recycling, ports, transport and logistics, process and manufacturing. In addition to weighing equipment, Tamtron also provides its customers with comprehensive life cycle services, including verification, maintenance and spare parts services.

The weighing data software developed by Tamtron helps customers to automatically and effortlessly integrate all data into a single system utilising the latest technology and cloud services.

The Company's head office is in Tampere, as well as product assembly and testing. In addition, Tamtron has subsidiaries in eight different European countries.

Tamtron's turnover was EUR 37,1 million and EBIT was EUR 2.0 million in the financial period ending on 31 December 2022. At the end of year 2022, Tamtron employed 187 people.
