# Image Systems' business unit Motion Analysis receives an order worth SEK 2.9 million from a major European defence organisation

Image Systems' business unit Motion Analysis has received an order from a major European defence organisation. The order is valued at approximately SEK 2.9 million and covers a software subscription to the business unit's products for a contract term of 60 months, commencing in November 2026.

> "This order confirms the continued demand for our advanced motion analysis solutions for defence-related applications,"

says Andreas Ovemyr, CEO of Image Systems Motion Analysis.
