

QleanAir wins an order from a US health system for a large Cleanroom project in a large home infusion center

QleanAir AB (publ), the premium provider of solutions for clean indoor air, announces receiving an order worth 1.1 MUSD from a major health system to provide a USP 797 and USP 800 compliant cleanroom.

This cleanroom will be built in a new home infusion center at a major health system in the US, completion expected within Q3 2023. This order is the result of one of the letters of intent that were communicated August 1st 2022.

"We are pleased to grow our relationship with hospital compounding pharmacies and to significantly grow our business in the US. This is one more step towards making QleanAir a reliable and high-quality provider of clean spaces in the US", says Zachary Douglas, President of QleanAir Scandinavia Inc.
