

Ratos announces change in the Management Team

Ratos continues to, as previously announced, streamline the company towards a more focused set of business segments. In connection with this strategic realignment and the divestment of the business segment Construction Services, Christian Johansson Gebauer currently Head of the business area Construction & Services, has decided to leave Ratos.

The business area Construction & Services consists of the business segment Construction Services and Critical Infrastructure. During the first half of 2025, the sale of the ventilation company airteam was completed, as well as the listing of the construction group Sentia. Both Sentia and airteam were reported under the Construction Services segment. Following the listing, Ratos' ownership stake in Sentia is 40%.

"I would like to extend my sincere thanks to Christian Johansson Gebauer for his contributions at Ratos over the past eleven years. He has played an important role in Ratos' journey towards becoming a more profitable and cohesive company group. Since 2020, Christian has been responsible for the Construction & Services business area, which has developed well under his leadership – not least the Construction Services segment, which Ratos has recently divested. I wish him all the best in his future career," says Jonas Wiström, President and CEO Ratos.

Christian Johansson Gebauer leaves the Ratos Management Team as of today, 15 September 2025, and Ratos new Management Team consists of:

Jonas Wiström, President and CEO
Anna Vilogorac, CFO & IR
Katarina Grönwall, Vice President, Communications & Sustainability
Wilhelm Montgomery, Vice President of Strategy & Investments
Anders Slettengren, Executive Vice President
Magnus Stephensen, General Counsel
