The Chief Executive Officer or another member of the Company's executive management shall not be a member of the nomination committee. Resolution to adopt the remuneration guidelines for executive management (item 16)

These guidelines apply to remuneration and other terms of employment of the Chief Executive Officer (the “CEO”) and other individuals of the executive management of Stillfront Group AB (publ), reg. no. 556721#3078 (“Stillfront” or the “Company”).

Subject to what is set out in the next paragraph, these guidelines shall also apply in relation to a member of the board of directors of Stillfront who receives any remuneration from the Company and any reference herein to the “executive management” and/or an “executive” shall for such purposes be deemed to also include such board member.

These guidelines do not apply to any remuneration decided or approved by the general meeting.

The guidelines are forward-looking, i.e. they are applicable to remuneration agreed, and amendments to remuneration already agreed, after adoption of the guidelines by the annual general meeting 2021.

The guidelines’ promotion of the Company’s business strategy, long-term interests and sustainability

Stillfront’s business strategy is to be a leading free-to-play powerhouse, offering long-term first class digital entertainment through its global group of gaming studios. Organic growth and carefully selected and executed acquisitions embody Stillfront’s growth strategy. For more information regarding the Company’s business strategy, please see <https://www.stillfront.com/en/about-the-company/>.

A prerequisite for the successful implementation of the Company’s business strategy and safeguarding of its long-term interests, including its sustainability, is that the Company is able to recruit and retain qualified personnel. To this end, it is necessary that the Company offers competitive remuneration. The overall guidelines for remuneration to executive management shall be based on the position, the individual performance, the Company’s earnings and that the remuneration shall be competitive.

Types of remuneration, etc.

The remuneration shall be on market terms and may consist of the following components: fixed cash salary, variable cash remuneration based on annual performance targets (bonus), pension benefits and other benefits. Additionally, the general meeting may – irrespective of these guidelines – resolve on, among other things, share-related or share price-related remuneration.

Fixed salary

The fixed salary shall be based on the individual’s experience, field of responsibility and related to the relevant market. Fixed salary shall be revised annually.

Variable cash remuneration

The satisfaction of criteria for awarding variable cash remuneration shall be measured annually. The variable cash remuneration for an executive manager may, as the main rule, correspond to not more than fifty per cent (50%) of the fixed annual cash salary. However, the variable cash remuneration may correspond to up to one hundred per cent (100%) of the fixed annual cash salary of an executive manager if justified by remuneration structures or extraordinary arrangements in the individual case.

The variable cash remuneration shall be linked to predetermined and measurable criteria such as earnings, achievements in relation to the budget, the development of the Company's share price, fulfilled sustainability goals and personal performance.

The board of directors shall have the possibility, under applicable law or contractual provisions, subject to the restrictions that may apply under law or contract, to in whole or in part reclaim variable remuneration paid on incorrect grounds (claw-back).

To which extent the criteria for awarding variable cash remuneration has been satisfied shall be evaluated/determined when the measurement period has ended. The remuneration committee is responsible for the evaluation in so far as it concerns variable remuneration to the CEO. For variable cash remuneration to other executives, the CEO is responsible for the evaluation. For financial objectives, the evaluation shall be based on the latest financial information made public by the Company.

Variable long-term incentive program (LTIP)

Long-term incentive programs have been implemented in the Company. Such programs have been resolved by the general meeting and are therefore excluded from these guidelines. The LTIPs include the executive management and other key individuals of the Company and its subsidiaries. The programs are conditional upon certain holding periods of several years. For more information regarding these LTIPs, including the criteria which the outcome depends on, please see <https://www.stillfront.com/en/remuneration/>.

Pension benefits and other benefits

Pension benefits, including health insurance (*Sw: sjukförsäkring*), shall be premium defined. Variable cash remuneration shall not qualify for pension benefits. The pension premiums for premium defined pension shall amount to not more than thirty per cent (30%) of the fixed annual cash salary.

Other benefits may include, for example, medical insurance (*Sw: sjukvårdsförsäkring*) and company cars. Such benefits shall be limited and not exceed five per cent (5%) of the fixed annual cash salary.

For employments governed by rules other than Swedish, pension benefits and other benefits may be duly adjusted for compliance with mandatory rules or established local practice, taking into account, to the extent possible, the overall purpose of these guidelines.

Termination of employment

Members of the executive management shall be offered employment terms in accordance with the laws and practices applicable to the country in which the employee is employed. Upon termination of an employment, the notice period may not exceed twelve (12) months. Fixed cash salary during the notice period and severance pay may not together exceed an amount corresponding to the fixed cash salary for one (1) year for any executive. When termination is made by the executive, the notice period may not exceed six (6) months, without any right to severance pay.

Additionally, remuneration may be paid for non-compete undertakings. Such remuneration shall compensate for loss of income and shall only be paid in so far as the previously employed executive is not entitled to severance pay. The remuneration shall be based on the fixed cash salary at the time of termination of employment, unless otherwise provided by mandatory collective agreement provisions, and be paid during the time the non-compete undertaking applies.

Salary and employment conditions for executive management

When evaluating whether these guidelines and the limitations set out herein are reasonable, the board of directors (including the remuneration committee) has considered the total income of all employees of the Company, including the various components of their remuneration as well as the increase and growth rate over time.

The decision-making process to determine, review and implement the guidelines

The board of directors has established a remuneration committee. The committee's tasks include preparing the board of directors' decision to propose guidelines for executive remuneration. The board of directors shall prepare a proposal for new guidelines at least every fourth year and submit it to the general meeting. The guidelines shall be in force until new guidelines are adopted by the general meeting. The remuneration committee shall also monitor and evaluate programs for variable remuneration for the executive management, the application of the guidelines for executive remuneration as well as the current remuneration structures and compensation levels in the Company. The members of the remuneration committee are independent of the Company and its executive management. The CEO and other members of the executive management do not participate in the board of directors' processing of and resolutions regarding remuneration-related matters in so far as they are affected by such matters.

Information on remuneration resolved but not yet due

There is no resolved remuneration that is not yet due.

Derogation from the guidelines

The board of directors may temporarily resolve to derogate from the guidelines, in whole or in part, if in a specific case there is special cause for the derogation and derogation is necessary to serve the Company's long-term interests, including its sustainability, or to ensure the Company's financial viability. As set out above, the remuneration committee's tasks include preparing the board of directors' resolutions in remuneration-related matters. This includes any resolutions to derogate from the guidelines.

There has been no deviation from the remuneration guidelines resolved by the annual general meeting 2020.

Resolution on long-term incentive program (LTIP 2021/2025) (item 17)

The board of directors proposes that the annual general meeting, as set out below, resolves on implementing an employee stock option program for senior executives and key employees on studio level (the "**Program**").

Preparation and administration of the Program

Stillfront's remuneration committee has prepared the proposal for the Program in consultation with external advisors and major shareholders. The Program has been discussed at board meetings during the first quarter of 2021. The board of directors or the remuneration committee shall be responsible for preparing the detailed terms and conditions of the Program in accordance with the terms and guidelines resolved on by the annual general meeting.

Objectives of the Program

The main objective of the Program is to, by promoting a common interest between the participants and the Company as well as creating conditions to retain key employees, strengthen Stillfront's financial development. The board of directors believes that the Program will have a positive effect on the Group's long-term growth as well as the participants' long-term commitment to the Company's development through a long-term shareholding in Stillfront, and will thus be beneficial to both the shareholders and the Company. The long-term objective of the Program will be reflected in the agreements that will be entered into with the participants of the Program.

Allocation of employee stock options

A maximum of 3,500,000 employee stock options ("**Employee Stock Options**") shall be offered to approximately 45 participants, consisting of the CEO, senior executives and key employees at studio level. The Employee Stock Options shall be granted free of charge no later than 11 May 2022. Members of the board of directors shall not be entitled to participate in the Program. At least 40 per cent of the total amount of Employee Stock Options shall be granted to persons who are not participants in the Company's existing share-related incentive programs. No individual participants shall be able to be allocated more than 15 per cent of the total amount of Employee Stock Options (*i.e.* 525,000 Employee Stock Options). The board of directors shall have the right to resolve on allocation to participants in accordance with the following framework.

Category	Maximum allocation per participant
CEO	525,000 Employee Stock Options
Senior executives	350,000 Employee Stock Options
Key employees at studio level	350,000 Employee Stock Options

Main terms for the Employee Stock Options

The Employee Stock Options shall be governed by the following main terms and conditions:

1. Each vested Employee Stock Option entitles the participant to acquire one (1) share in the Company during any of the periods (however, each participant may only acquire shares through Employee Stock Options on one occasion): (i) from and including the day of the Company's Q1 report 2025 up to and including seven days thereafter, (ii) from and including the day of the Company's Q2 report 2025 up to and including seven days thereafter, (iii) from and including the day of the Company's Q3 report 2025 up to and including seven days thereafter. However, participants shall not be entitled to acquire any share prior to the date that falls three years from the allotment to each participant. The period during which the Employee Stock Options may be exercised shall be possible to extend by the board of directors if participants are prevented from exercising their Employee Stock Options due to applicable laws on insider trading or similar.
2. The price for the shares upon exercise (taking into account any recalculation in accordance with the next item) shall correspond to the volume-weighted average price (VWAP) of the Company's shares on Nasdaq First North Premier Growth Market (or any other such stock exchange or trading venue where the Company's shares are listed) during a period of ten trading days before the allotment of the Employee Stock Options to each participants, increased by 8 per cent per year. The price shall be determined on the day of exercise, whereby a proportional increase shall also be made for part of the year (based on actual number of days/365). However, the price shall not be less than the share's quota value (Sw. *kvotvärde*).

3. The number of shares to which the Employee Stock Options entitles and the price for such shares upon exercise may be recalculated in the event of a bonus issue, new issue or in certain other cases. Such recalculation shall be carried out in accordance with the terms and conditions for warrants of series 2021/2025 proposed under item 18 on the proposed agenda.
4. The Employee Stock Options may not be transferred or pledged.
5. Participants in the Program shall enter into agreements with the Company regarding the Program, and the board of directors, or the person appointed by the board of directors, is authorised to execute and enter into such agreements with the participants.
6. The terms and conditions for participants in the Program may differ between the countries in which the participants are domiciled due to national law, however, the terms and conditions should not be more favourable for participants than what follows from this proposal.
7. The board of directors shall have to right to make adjustments to the terms and conditions for the Employee Stock Options if significant changes in the Group or its market results in a situation which means that the terms and conditions for exercising the Employee Stock Options are no longer appropriate. Such adjustments shall only be made in order to fulfil the main objectives of the Program.

Vesting

In addition to the annual price increase price and the requirement, for each participant, to hold the Employee Stock Options for three years before the date of exercise, the Employee Stock Options shall be vested gradually based on the participants' employment in the Stillfront Group.

Provided that the participant is employed in the Stillfront Group, the Employee Stock Options shall be vested in accordance with the following:

- 25 per cent of the Employee Stock Options shall be vested on the anniversary of the allotment to the participant, and
- 75 per cent of the Employee Stock Options shall be vested on a quarterly basis during the period from the allotment to the participant up to and including April 2025 (*i.e.* as many Employee Stock Options are vested each quarter which corresponds to 75 per cent of the participant's Employee Stock Options divided by the number of quarters during the period).

If the participant ceases to be employed in the Stillfront Group, the right to all unvested Employee Stock Options shall be lost.

Information regarding other long-term share or share price related incentive programs in Stillfront

For information regarding the currently ongoing long-term share or share price related incentive programs in Stillfront, please refer to the Company's website, www.stillfront.com.

The board of directors intends to cancel 125,000 outstanding warrants of series 2020/2024 II once the annual general meeting has resolved on the Program. When these warrants are cancelled, the total potential dilution for share related incentive programs in Stillfront, including the Program, will amount to approximately 2.3 per cent (of which approximately 0.98 per cent relates to the Program).

Costs of the Program and effect on certain key ratios

The Program will be accounted for in accordance with IFRS 2, which stipulates that the Employee Stock Options should be recorded as a personnel expense over the vesting period. Based on a share price upon allocation of the Employee Stock Options of SEK 87.3, a VWAP for the Company's shares for a period of ten trading days before allotment to each participant of SEK 87.3, a preliminary estimated value per Employee Stock Option of SEK 17.11, that all 3,500,000 Employee Stock Options are granted in close connection to the annual general meeting and an annual employee turnover of 5

per cent, the total cost for the Program, excluding social security costs, amount to approximately SEK 55.1 million at full allocation. This cost will be accrued during the vesting period of approximately four years. The cost does not affect cash flow.

In addition, there are social security costs. Based on the assumptions above and a share price increase of 50 per cent from the allotment until the Employee Stock Options are exercised and average social security costs of approximately 12 per cent, the social security costs are estimated to amount to approximately SEK 4.6 million. The final amount of the social security costs depends partly on the tax domicile of the holder and partly on the size of the holder's realised profit from the Employee Stock Options.

The volume weighted average annual cost of the Program, including social security costs, is estimated to amount to approximately SEK 15.1 million, based on these assumptions. This cost corresponds to approximately 2.4 per cent of the Company's total personnel costs, including social security costs, which amounted to approximately SEK 616 million during 2020. Based on the assumptions above and the preliminary annual cost for the Program, the earnings per share before dilution in 2020 would have decreased by approximately SEK 0.04 (pro forma on an annual basis).

Delivery of shares

The board of directors has considered two alternatives for delivering shares in the Company to participants in the Program. Firstly, the board of directors recommends that the Company issue warrants to a subsidiary and that the subsidiary transfer the warrants in accordance with items 18(a) and 18(b) on the proposed agenda (the "**Warrant Hedge Arrangement**").

However, if the annual general meeting does not resolve on the Warrant Hedge Arrangement, the board of directors has also considered another alternative. This alternative entails higher costs for the Company, and is therefore only intended to be exercised if the Warrant Hedge Arrangement is not approved by the annual general meeting. Accordingly, the board of directors proposes that the annual general meeting resolves that Stillfront may enter into agreements on hedging arrangement with a third party in order to ensure the Company's obligation to deliver shares in accordance with the Program. Such arrangement would mean that Stillfront enters into agreement with a third party for such third party to acquire shares in the Company in its own name and thereafter transfer the shares to participants in the Program.

Resolution on (a) issue of warrants and (b) approval of transfer of warrants (item 18)

The board of directors proposes that the annual general meeting, as set out below, resolves on (a) an issue of warrants of series 2021/2025 and (b) approval of transfer of warrants in order to ensure delivery of shares in accordance with the employee stock options granted under the long-term incentive program proposed under item 17 on the proposed agenda (the "**Program**").

(a) Issue of warrants

The board of directors proposes that the annual general meeting resolves on an issue of warrants governed by the following main terms and conditions:

1. The Company shall issue a maximum of 3,500,000 warrants of series 2021/2025 (the "**Warrants**").
2. The right to subscribe for warrants shall, with deviation from the shareholders' preferential rights, accrue to a wholly-owned subsidiary of the Company.
3. Over-subscription shall not be permitted.
4. The warrants shall be subscribed for on a separate subscription list no later than 31 August 2021. The board of directors shall have the right to extend the subscription period. The warrants shall be allotted to the subsidiary free of charge.

5. Each warrant shall entitle the participant to acquire one (1) new share in the Company during the period commencing on and including 1 April 2025 up to and including 31 December 2025. Subscription may only be carried out in accordance with the terms and conditions for the Program and in order to ensure delivery to the participants in the Program.
6. The subscription price upon exercising the warrant shall correspond to the share's quota value.
7. The newly subscribed shares shall entitle dividend for the first time on the record day that falls immediately following the execution of the subscription.
8. The full terms and conditions for the Warrants are presented in the board of director's complete proposal for the resolution. As set out therein, the subscription price, as well as the number of shares that a Warrant entitles subscription for, may be recalculated in the event of a bonus issue, new issue and in certain other cases.
9.
