

## Mestro - Energy Monitoring a Critical Part of the Puzzle

Redeye updates its estimates for Mestro, a well-positioned property technology company offering a cloud-based energy monitoring service platform. The services are much needed, particularly in times of runaway energy prices and increased urgency for property companies to manage their emissions. The current events should act as a powerful catalyst for stragglers that have not yet considered monitoring energy spending, and we thus believe Mestro will report strong sales going forward.
