## **TERRANET TO EXHIBIT AT ADAS & AUTONOMOUS VEHICLE TECHNOLOGY EXPO USA 2025**

**Terranet will exhibit at the ADAS & Autonomous Vehicle Technology Expo USA on August 27–28, 2025, at the San Jose McEnery Convention Center in California.**

This leading North American event brings together key players in the Advanced Driver Assistance Systems (ADAS) and autonomous vehicle industry to showcase the latest innovations, solutions, and technologies shaping the future of mobility.

Terranet's participation aims to strengthen the company's presence in the North American market and to present BlincVision – a low-latency, high-precision sensor technology designed to improve traffic safety. The expo also provides an opportunity to connect with OEMs, Tier 1 suppliers, and other potential partners to explore future integration opportunities.

"We're looking forward to engaging with the industry and showcasing what BlincVision can contribute to the next generation of safety systems. By exhibiting as part of Business Sweden's booth for the second year in a row, we gain valuable connections and visibility in a key market. Their network plays an important role in supporting our efforts to raise awareness of our technology in the North American ADAS and autonomous driving market," says Jonas Renander, Chief Commercial Officer at Terranet.

**About Terranet AB (publ)**

*Terranet's mission is to save lives in urban traffic. We develop groundbreaking technology solutions for advanced driver assistance systems (ADAS) and autonomous vehicles, with a focus on protecting vulnerable road users from injury. Using a unique and patented sensor technology, Terranet's system BlincVision scans the road with laser precision – detecting objects up to ten times faster and with greater accuracy than any other ADAS solution on the market today.*

*Terranet is headquartered in Lund, Sweden, with additional operations in Gothenburg and Stuttgart – at the heart of the European automotive industry. Since 2017, the company has been listed on Nasdaq First North Premier Growth Market (Nasdaq: TERRNT-B). Visit us at [www.terranel.se](http://www.terranel.se)*
