

Obducat receives order from Asian OEM for production of prototype series

OBDUCAT AB (publ) subsidiary Obducat Technologies AB, a leading provider of lithography solutions based on nanoimprint lithography (NIL), has received an order from a well-established Asian OEM (Original Equipment Manufacturer) of materials for optical components.

The order concerns manufacturing of components through Obducat's foundry services utilizing the proprietary NIL technology (Nano Imprint Lithography). The first prototype series concerns optical lenses that may be used in e.g. future mobile phones. The order value amounts to SEK 1.6 million and delivery is expected to take place no later than the first quarter of 2026.

"The interest in our foundry services is increasing and this order is strategically important, as it can form the basis for a future collaboration with a leading OEM in the field. There is significant potential to further develop the relationship to include larger production volumes in the future," says Patrik Lundström, CEO of Obducat.

This information is information that Obducat is obliged to make public pursuant to the EU Market Abuse Regulation. The information was submitted for publication, through the agency of the contact persons set out above, at 2025-08-26 08:30 CEST.

About Obducat AB (publ)

Obducat AB (publ) is an innovative developer and supplier of technologies, products and processes used for the production and replication of advanced micro and nano structures. Obducat's products and services serve the demands of customers worldwide within the LED and Display, Optics and Photonics, MEMS and Sensor industries as well as in High Power and High Frequency electronics and Biomedical Devices. Obducat's technologies include nano imprint technology, resist- and wet processing technologies. Obducat has its own market presence in Sweden, Germany, Japan, USA, England, Portugal and China and the headquarter is located in Lund, Sweden. Obducat is a public company. The Obducat share is traded on the Swedish NGM Main Regulated Equity exchange. Read more at www.obducat.com or contact us via email investorrelations@obducat.com
