Envar Holding AB ("Envar" or the "Company") today announces a reverse profit warning following a significant increase in Operating Profit (EBIT).

Preliminary figures indicate a positive EBIT of SEK 19,344 thousand for the second quarter of 2026, representing an increase of appr. 220 percent compared to Q2 2025 and appr. 478 percent compared to Q1 2026. All figures are preliminary and unaudited.

This has resulted in increased revenue for the business area. Envar Games launched Witchspire in Early Access on June 10, 2026. During the 20 sales days included in the second quarter reporting period, the Games business area contributed approximately SEK 6,370 thousand to the quarter's EBIT.

As previously communicated, Envar's interim report for the period January–June 2026, will be published on August 11, 2026.
