

Indutrade acquires Danish automotive aftermarket specialist ScanDybbroe

Indutrade has signed an agreement to acquire all shares in the Danish company Scan Auto & Dybbroe Group A/S, www.scandybbroe.dk, with annual sales of approximately DKK 125 million (SEK 185 million).

ScanDybbroe is a technical trading company offering original equipment and high-quality spare parts for Italian and French vehicle brands to the Danish market. The company offers a comprehensive range of body parts, engine components, electrical components, and other key spare parts. ScanDybbroe has 22 employees and is located in Randers, Denmark.

“We are glad to welcome ScanDybbroe to the Indutrade Group, significantly strengthening our cluster of companies within the attractive automotive aftermarket niche”, said Bo Annvik, President and CEO of Indutrade.

The acquisition is conditional upon approval by the Danish Competition Authority, and closing is expected to be finalised during Q3 2025. ScanDybbroe will be included in Indutrade's Business Area Industrial & Engineering. The acquisition is Indutrade's seventh in 2025 and is expected to have a marginally positive impact on Indutrade's earnings per share.
