

Obducat receives purchase order from existing Foundry Service customer valued at 3.2 MSEK

OBDUCAT AB (publ) subsidiary Obducat Technologies AB, a leading supplier of lithography solutions based on nanoimprint lithography (NIL), has received purchase orders from an existing Foundry Services customer concerning continued deliveries. The order value amounts to approx. 3.2 MSEK.

The contract concerns continuous deliveries of substrates used in process optimization work by the customer. The customer's technology has relevance in end markets related to electrification as well as defense industry. The purchase order concerns deliveries that will be completed within 2025. Due to confidentiality requirements further information cannot be disclosed at this point.

"We see a clear increasing interest in our Foundry Service offerings, and we expect to a secure further contracts during 2025 which have the potential to develop into production contracts with larger volumes moving forward.", says Patrik Lundström, CEO of Obducat

This information is information that Obducat is obliged to make public pursuant to the EU Market Abuse Regulation. The information was submitted for publication, through the agency of the contact persons set out above, at 2025-03-28 08:30 CET.
