

XMREALITY IS IMPLEMENTED AT AMICO TO ENHANCE MEDICAL EQUIPMENT SUPPORT

XMReality is pleased to announce it has been selected as a software supplier by the Amico Group of Companies, a prominent manufacturer and global distributor of equipment in the hospital space. Amico manufactures a broad range of hospital products throughout its eight campus locations in North America. This implementation aims to elevate the support of maintenance and installation of medical equipment by deploying XMReality's Remote Guidance software within Amico's operations.

By implementing XMReality, Amico is set to improve the efficiency of their equipment installation, troubleshooting, and maintenance activities. Utilizing XMReality's enhanced remote guidance software, Amico seeks to improve its operational capabilities, achieve efficiency gains, and deliver excellence in service and support. This move demonstrates Amico's dedication to leveraging innovative technologies to meet the evolving requirements of servicing its customers in the hospital industry.

"Being chosen as a software supplier by the Amico Group is a significant confirmation of the value and relevance of our remote guidance solutions in a variety of sectors, including healthcare," said Ryne Simeone, Vice President of Business Development at XMReality. "We are committed to assisting Amico in achieving its continuous operational improvement and excellence goals. We look forward to the positive impact our software will have on Amico's operations as we continue this partnership."
