

Gubra appoints new Chief Operating Officer

Gubra is excited to announce the appointment of Anne-Marie Levy Rasmussen as the company's new Chief Operating Officer (COO). Anne-Marie brings a strong international experience and track record from global pharma companies such as GlaxoSmithKline and Bavarian Nordic within operational leadership, scaling and establishment of solid governance routines in complex settings. Most recently as Head of Global Commercial Operations at Bavarian Nordic.

As COO in Gubra, Anne-Marie will be member of the Executive Management Team and be responsible for overseeing the company's operational strategy, optimizing processes, and driving efficiency across departments and key projects. Her extensive background within leadership, scaling and system integration with new digital approaches positions her well to contribute to Gubra's continued growth and innovation. Anne-Marie's theoretical background is a MSc Physics from University of Copenhagen.

"We are thrilled to welcome Anne-Marie to the Gubra team," said Henrik Blou, CEO of Gubra. "Her proven track record from global pharma companies and approach to operational excellence will be instrumental as we continue to grow and optimize Gubra."

Anne-Marie expressed enthusiasm about joining Gubra, stating, "I'm very excited to join Gubra as COO. I look forward to contributing to the company's continued growth and delivering on the strategy and to collaborate with the very skilled and passionate employees at Gubra."

About Gubra

Gubra, founded in 2008 in Denmark, listed on Nasdaq Copenhagen, is specialized in pre-clinical contract research services and peptide-based drug discovery within metabolic and fibrotic diseases. Gubra's activities are focused on the early stages of drug development and are organised in two business areas – CRO Services and Discovery & Partnerships (D&P). The two business areas are highly synergistic and create a unique entity capable of generating a steady cash flow from the CRO business while at the same time enjoying biotechnology upside in the form of potential development milestone payments and potential royalties from the D&P business. Gubra has approx. 250 employees and in 2023 revenue of DKK 205 million. See www.gubra.dk for more information.
