Ovzon receives follow-on order for SATCOM-as-a-Service valued at 1.8 MUSD

Ovzon has received a 1.8 MUSD follow-on order to provide three months of SATCOM-as-a-Service in Europe with an estimated start date in December 2023.

This award is a follow-on order to the 4.8 MUSD contract from April of this year from an existing European customer. The April 2023 contract included both Ovzon SATCOM-as-a-Service and Ovzon On-The-Move (OTM) terminals.

Ovzon's SATCOM-as-a-Service is the leading integrated satellite communications solution, consisting of ultra-small, mobile satellite terminals; high-performance, resilient satellite networks and fully managed 24/7/365 service and support.

"The demand for our mission critical SATCOM-as-a-Service continues to increase. We help customers around the world to perform mission critical operations by delivering a unique integrated satellite communications solution based on industry-leading performance, mobility, and resiliency. We are pleased with the continued confidence and commitment from our current customers", says Per Norén CEO of Ovzon.
