

## PRESS RELEASE

May 6, 2022

# Ziccum AB changes its external communications language to English

**The Board of Ziccum AB has decided to officially change the company's language to English for all external market communications as from Friday May 6 2022. Key factors in the decision are that Ziccum has an extensive network of international stakeholders and operates in the intrinsically global market of vaccines.**

On April 28, 2022 the Board of Ziccum AB decided to officially adopt English as its external communications language. From May 6, 2022 all investor-facing information such as Press Releases and Financial Reports, will be in English.

Ziccum has long had an extensive network of international stakeholders and operates in the intrinsically global market of vaccines. Commercially and scientifically Ziccum collaborates with a wide range of organizations beyond Sweden and identifies key opportunities in global collaborations and partnerships.

## About Ziccum

---

Ziccum develops new thermostable versions of the world's most urgently needed, life-saving vaccines. The Company's patented technology, LaminarPace, enables the production of new, gently air-dried formulations that can be transported easily and cost-effectively, with no need for a costly and complicated cold chain, all the way from the factory to the last child in the last mile of the supply chain.
