

Lifco updates its MTN program and publishes an updated base prospectus

Lifco has updated the base prospectus for the company's MTN program (Medium Term Notes) with a framework amount of SEK 8 billion. The MTN program provides the opportunity to issue bonds on the Swedish market.

The Swedish Financial Supervisory Authority has today approved and registered the updated Swedish language base prospectus. The prospectus is available on Lifco's website lifco.se.

SEB is the lead bank for the MTN program and will together with Danske Bank and DNB participate as issuing agents. Advokatfirman Vinge has acted as legal advisor to Lifco.
