W5 Solutions has completed a directed share issue of SEK 165 million

W5 Solutions AB (publ) ("W5 Solutions" or the "Company") has, in accordance with the intention announced by the Company in a press release earlier today, and subject to subsequent approval by the Extraordinary General Meeting, resolved on a directed share issue of 6,875,000 shares, with deviation from the shareholders' preferential rights, at a subscription price of 24 SEK per share (the "Directed Share Issue"). The subscription price in the Directed Share Issue has been determined through an accelerated bookbuilding procedure (the "Bookbuilding") carried out by DNB Carnegie Investment Bank AB (publ) ("DNB Carnegie"). Due to the significant investor demand generated during the Bookbuilding, the Board of Directors resolved to increase the size of the Directed Share Issue from SEK 150 million to SEK 165 million. Through the Directed Share Issue, W5 Solutions will thus receive SEK 165 million in issue proceeds before transaction costs related to the Directed Share Issue. A number of institutional investors participated in the Directed Share Issue, including both new and existing shareholders, amongst them Salénia AB and Nvest Sverige AB. Furthermore, the chairman of the Company's Board of Directors, Jonas Rydin, both privately and through Cajory Defence AB, and the Company's CEO, Evelina Hedskog, participated in the Directed Share Issue.

The Directed Share Issue

As announced in a press release from the Company earlier today, the Board of Directors of the Company resolved to initiate the Bookbuilding. The Board of Directors of the Company has now, subject to subsequent approval by the Extraordinary General Meeting, resolved on the Directed Share Issue with deviation from the shareholders' preferential rights. Due to the significant investor demand generated during the Bookbuilding, the Board of Directors resolved to increase the size of the Directed Share Issue from SEK 150 million to SEK 165 million. A number of institutional investors participated in the Directed Share Issue, including both new and existing shareholders, amongst them Salénia AB and Nvest Sverige AB. Furthermore, the chairman of the Company's Board of Directors, Jonas Rydin, both privately and through Cajory Defence AB, and the Company's CEO, Evelina Hedskog, participated in the Directed Share Issue. The Directed Share Issue comprises 6,875,000 new shares at a subscription price of 24 SEK per share, through which the Company will receive SEK 165 million in issue proceeds before deduction of transaction costs related to the Directed Share Issue.

The subscription price in the Directed Share Issue has been determined through the Bookbuilding

and corresponds to a discount of 14.6 per cent to the closing price on Nasdaq First North Growth Market on 30 September 2026. Since the subscription price in the Directed Share Issue was determined through the Bookbuilding, the Board of Directors assesses that the subscription price reflects current market conditions and demand.

The shares issued in the Directed Share Issue will be admitted to trading on Nasdaq First North Growth Market.

The Board of Directors has furthermore resolved to allocate interim shares (BTAs) representing the shares issued in the Directed Share Issue, other than (i) shares for which approval by the National Inspectorate of Strategic Products is required in accordance with the FDI Act (as defined below), and (ii) shares subject to Chapter 16 of the Swedish Companies Act (2005:551) (commonly referred to as the Leo rules).

W5 Solutions intends to use the net proceeds from the Directed Share Issue to reduce debt, strengthen the Company's balance sheet and enhance financial flexibility. Proceeds are expected to be allocated broadly as follows:

- ~65% to debt repayment, aimed at strengthening the capital structure, reducing leverage and improving financial flexibility.
- ~25% to working capital requirements associated with the execution of the order backlog and future growth opportunities.
- ~10% to general corporate purposes, including restructuring and cost-efficiency measures aimed at improving profitability and increasing operational leverage.

Deviation from shareholders' preferential rights

The Board of Directors has made an overall assessment and carefully considered the possibility of raising capital through a rights issue. The Board of Directors assesses that the reasons for deviating from the shareholders' preferential right are (i) to increase the flexibility of the timing of the share issue to minimize dependency on market conditions, as a rights issue would take significantly longer to complete and entail a higher exposure to market risks, as well as a risk for a potentially adverse effect on the share price, (ii) the extended time period required for a rights issue would expose the Company to risks related to changing market conditions over a longer period, which in turn could result in the Company missing the opportunity to raise capital in time to secure its liquidity needs in the short and medium term, and such a development could adversely affect the Company's financial and operational flexibility and limit the Company's ability to capitalize on business opportunities, (iii) to benefit from cost savings associated with the reduced necessity to utilize additional bank financing, (iv) a rights issue process would be disproportionately burdensome to carry out, causing costs in the form of time-consuming processes for the Company, whereas a directed share issue can be carried out at lower cost and with less complexity, and (v) to strengthen the Company's shareholder base with Swedish and international institutional investors in order to maintain and enhance the liquidity of the Company's share, as well as to broaden the base of financially strong shareholders who are assessed to have the financial capacity to support the Company's operations on a long-term basis, which is expected to strengthen the Company's ability to execute its strategy.

Furthermore, Salénia AB, Cajory Defence AB and Nvest Sverige AB, which are assessed to have the financial capacity to support the Company's operations on a long-term basis, will remain large shareholders going forward, which in the view of the Board of Directors creates comfort and stability for the Company as well as its shareholders.

Considering the above, the Board of Directors' overall assessment is that a directed share issue with deviation from the shareholders' preferential right is the most favourable alternative for the Company and is in the best interest of the Company and its shareholders.

Since the subscription price in the Directed Share Issue has been determined through the Bookbuilding, the Board of Directors assesses that the subscription price reflects current market conditions and demand.

Extraordinary General Meeting

The Board of Directors will, through a separate press release, which is expected to be published no later than on 1 October 2026, issue a notice to the Extraordinary General Meeting to approve the Directed Share Issue. The Extraordinary General Meeting is planned to be held on or around 22 October 2026.

The portion of the Directed Share Issue that has been subscribed for by the chairman of the Company's Board of Directors Jonas Rydin, both privately and through Cajory Defence, and the Company's CEO, Evelina Hedskog, is subject to Chapter 16 of the Swedish Companies Act (2005: 551) (commonly referred to as the Leo rules). This means that such portion of the Directed Share Issue requires approval by the Extraordinary General Meeting with the support of at least nine-tenths of both the votes cast and the shares represented at the meeting.

Certain existing shareholders, representing approximately 36.4 per cent of the outstanding shares and votes in the Company, have entered into voting undertakings pursuant to which they have irrevocably undertaken to vote in favour of the Board of Directors' proposal to approve the Directed Share Issue at the Extraordinary General Meeting.

Lock-up undertakings

On 12 March 2026, W5 Solutions carried out a directed share issue, in connection with which the Company undertook, towards DNB Carnegie, not to issue additional shares for a period of 180 calendar days following settlement of the directed share issue, subject to customary exceptions. DNB Carnegie has granted the Company a waiver from such lock-up restrictions in order to proceed with the Directed Share Issue.

The Company has undertaken, with certain exceptions, not to carry out or propose any additional issuances of shares or other securities in the Company, without the consent of DNB Carnegie, for a period of 180 calendar days following the settlement of the Directed Share Issue.

Additionally, all members of the Company's Board of Directors, and members of the Management team Evelina Hedskog (CEO), Martin Kammenhed (Chief of Staff), Gunilla Stomberg (VP and Head of Business Area Integration) and Tobias Johansson (VP and Head of Business Area Power) have undertaken, with certain exceptions, not to dispose of shares or other financial instruments in the Company for a period of 180 calendar days following the settlement of the Directed Share Issue.

Number of shares, share capital and dilution

Provided that the Directed Share Issue is approved at the Extraordinary General Meeting, the Directed Share Issue will result in a dilution of approximately 26,0 per cent based on the total number of shares in W5 Solutions after the Directed Share Issue. The number of shares and votes in the Company will increase by 6,875,000, from 19,559,271 to 26,434,271. The share capital will increase by 343,750.00 SEK, from SEK 977,963.55 to 1,321,713.55 SEK.

Information to investors in accordance with Act (2023:560) on the Screening of Foreign Direct Investments

The Company has made the assessment that the Act (2023:560) on the Screening of Foreign Direct Investments (the "**FDI Act**") is applicable on the Company's operations. In the event that subscription of shares in the Directed Share Issue would entail that an investor after the investment, direct or indirect, would dispose of votes corresponding to or increasing any of the threshold values 10, 20, 30, 50, 65 or 90 percent of the votes in the Company, the investor must, in accordance with the FDI Act, notify the National Inspectorate of Strategic Products of its investment. For more information, please refer to the National Inspectorate of Strategic Products' website, www.isp.se, or contact the Company.

Information to distributors

Solely for the purposes of the product governance requirements contained within: (a) EU Directive 2014/65/EU on markets in financial instruments, as amended ("**MiFID II**"); (b) Articles 9 and 10 of Commission Delegated Directive (EU) 2017/593 supplementing MiFID II; and (c) local implementing measures (together, the "**MiFID II Product Governance Requirements**"), and disclaiming all and any liability, whether arising in tort, contract or otherwise, which any "manufacturer" (for the purposes of the MiFID II Product Governance Requirements) may otherwise have with respect thereto, the shares in W5 Solutions have been subject to a product approval process, which has determined that such shares are: (i) compatible with an end target market of retail investors and investors who meet the criteria of professional clients and eligible counterparties, each as defined in MiFID II; and (ii) suitable for distribution through all distribution channels as are permitted by MiFID II (the "**Target Market Assessment**"). Notwithstanding the Target Market Assessment, Distributors should note that: the price of the shares in W5 Solutions may decline and investors could lose all or part of their investment; the shares in W5 Solutions offer no guaranteed income and no capital protection; and an investment in the shares in W5 Solutions is compatible only with investors who do not need a guaranteed income or capital protection, who (either alone or in conjunction with an appropriate financial or other adviser) are capable of evaluating the merits and risks of such an investment and who have sufficient resources to be able to bear any losses that may result therefrom. The Target Market Assessment is without prejudice to the requirements of any contractual, legal or regulatory selling restrictions in relation to the Directed Share Issue. Furthermore, it is noted that, notwithstanding the Target Market Assessment, DNB Carnegie will only procure investors who meet the criteria of professional clients and eligible counterparties. For the avoidance of doubt, the Target Market Assessment does not constitute: (a) an assessment of suitability or appropriateness for the

purposes of MiFID II; or (b) a recommendation to any investor or group of investors to invest in, or purchase, or take any other action whatsoever with respect to the shares in W5 Solutions. Each distributor is responsible for undertaking its own target market assessment in respect of the shares in W5 Solutions and determining appropriate distribution channels.

Forward-looking statements

This press release contains forward-looking statements that reflect the Company's intentions, beliefs, or current expectations about and targets for the Company's future results of operations, financial condition, liquidity, performance, prospects, anticipated growth, strategies and opportunities and the markets in which the Company operates. Forward-looking statements are statements that are not historical facts and may be identified by words such as "believe", "expect", "anticipate", "intend", "may", "plan", "estimate", "will", "should", "could", "aim" or "might", or, in each case, their negative, or similar expressions. The forward-looking statements in this press release are based upon various assumptions, many of which are based, in turn, upon further assumptions. Although the Company believes that the expectations reflected in these forward-looking statements are reasonable, it can give no assurances that they will materialize or prove to be correct. Because these statements are based on assumptions or estimates and are subject to risks and uncertainties, the actual results or outcome could differ materially from those set out in the forward-looking statements as a result of many factors. Such risks, uncertainties, contingencies, and other important factors could cause actual events to differ materially from the expectations expressed or implied in this release by such forward-looking statements. The Company does not guarantee that the assumptions underlying the forward-looking statements in this press release are free from errors and, furthermore, do not undertake any responsibility for the future accuracy of the views expressed, or any obligation to update or revise the statements of this press release with the purpose to better reflect subsequent events. Readers of this press release should not place undue reliance on the forward-looking statements in this press release. The information, opinions and forward-looking statements that are expressly or implicitly contained herein speak only as of its date and are subject to change without notice. Neither the Company nor anyone else undertake to review, update, confirm or to release publicly any revisions to any forward-looking statements to reflect events that occur or circumstances that arise in relation to the content of this press release, unless it is not required by law or Nasdaq First North Growth Market Rulebook.
