About Impact Coatings

Impact Coatings (www.impactcoatings.com) is a global technology leader and full-service provider of coating solutions using PVD technology. The company is an enabler in the energy sector, for off-grid power and hydrogen-related applications, as well in automotive and other industries with emerging PVD applications.

PVD stands for physical vapor deposition – clean processes of applying thin layers of coatings to design surface properties, prolong lifespan, and improve product performance. The company's offer consists of efficient, modular, and flexible PVD systems, and coating services, underpinned by several decades of coating experience and expertise.

The company was founded in 1997 and has since expanded in Europe, Asia and North America. Current production facilities are located in Linköping, Sweden, and in Shanghai, China.

The Impact Coatings share is listed on Nasdaq First North Growth Market (Nasdaq Nordic). The company's Certified Adviser is Redeye AB.
