HACKSAW GAMING AND ESPORTES DA SORTE COMMEMORATE NEW PARTNERSHIP

Hacksaw Gaming is proud to announce its latest partnership with Esportes da Sorte, one of Brazil's fastest-growing gaming operators. Founded in 2018, Esportes da Sorte has quickly made its mark as an industry leader, achieving a major milestone earlier this year when its provisional license was approved to a permanent one by SPA/MF, allowing it to officially operate its brands across Brazil.

As part of the collaboration, Esportes da Sorte users are now able to play a wide range of Hacksaw Gaming's most popular titles, including *RIP City*, *Stormforged*, *Wanted Dead or a Wild* and *Duel at Dawn*.

Hugo Baungartner, Chief Business Officer at Esportes da Sortes:

"Partnering with Hacksaw Gaming is an exciting step for us. Their reputation for bold, creative content is second to none, and we're confident our players will embrace their innovative games."

Marcus Cordes, Operational CEO of Hacksaw Gaming:

"We're delighted to join forces with Esportes da Sorte at such a pivotal moment for the Brazilian market. Their rapid growth and commitment to excellence align perfectly with our vision of delivering cutting-edge content to regulated markets worldwide."

This partnership not only cements Hacksaw Gaming's continued expansion into Latin America but also the growing demand for high-quality, innovative gaming experiences in Brazil. With Esportes da Sorte's strong local presence and Hacksaw's diverse portfolio, players can expect a dynamic and engaging journey ahead.
