Item 13 – Resolution regarding the adoption of a long-term warrant program for senior executives and key employees.

The board of directors proposes that the annual general meeting 2023 resolves on a long-term warrant program ("**Warrant Program 2023/2025**") by way of issuance of warrants in the Company in accordance with the below.

Background and rationale

The board of directors considers it to be in the interest of the Company and the shareholders that certain senior executives and certain other key employees in the Company are made part of the Company's development by being offered warrants. The reasons for the proposal are to contribute to the possibilities to retain and attract key competence and to increase motivation for senior executives and certain other key employees in the Company by being involved in and working for a positive value increase of the Company's shares during the period covered by the Warrant Program 2023/2025.

In light of the terms and conditions, size of allotment and other circumstances, the board of directors considers Warrant Program 2023/2025, in accordance with the below, to be reasonable and advantageous for the Company and its shareholders.

Should the board of directors consider it to be appropriate, and the requirements hereto according to the Swedish Companies Act (Sw. *aktiebolagslagen*) are satisfied, the board of directors may, at the time of exercise of the warrants, resolve to offer the participants of Warrant Program 2023/2025 a cashless exercise by way of a buy-back of warrants to the market value.

The board of directors' proposal for resolution on implementation of the Warrant Program 2023/2025 and issue of warrants

The board of directors proposes that the annual general meeting of the Company resolves to issue warrants and implement Warrant Program 2023/2025 in accordance with the following terms:

Warrant Program 2023/2025 shall consist of no more than 380,000 warrants. Therefore, the board of directors proposes that the annual general meeting 2023 resolves to issue no more than 380,000 warrants of series 2023/2025.

The right to subscribe for warrants in Warrant Program 2023/2025 shall, with deviation from the shareholders' pre-emption rights, be granted to the participants in Warrant Program 2023/2025. Participants may also, following the approval of the Company, subscribe for warrants through a company controlled by the participant, and what is said about participants below shall in such cases apply accordingly to such controlled company. The reason for the deviation from the shareholders' pre-emption rights is to implement a long-term incentive program for certain senior executives and other key employees within the Company. The warrants shall be issued to the participants in Warrant Program 2023/2025 without consideration.

The allotment of warrants to participants in Warrant Program 2023/2025 requires that the participants, or a company controlled by the participant, acquires shares in the Company during a certain period ("**Participation shares**"). For every acquired Participation share, the participants in Warrant Program 2023/2025 can be allotted two (2) warrants in the Company without consideration. Participants may acquire Participation shares during the period 3 May 2023 – 31 May 2023 (the "**Share Acquisition-period**"). However, the board of directors are entitled to extend

the Share Acquisition-period. The Participation shares shall be acquired, either from a third party which has been assigned by the Company to acquire the Participation shares on the market and thereafter transfer the Participation shares to the participants for the purpose of enabling an appropriate implementation of Warrant Program 2023/2025, or by the participant itself on the market. The board of directors will resolve which of the two above-mentioned acquisition methods that should be applied. If a participant's acquisition of Participation shares is made from a third party, the acquisition shall be made at market value of the Participation shares, calculated as the average price of the Participation shares acquired by the third party on the market.

Subscription for warrants shall be made during the period 3 May 2023 – 31 May 2023. However, the board of directors are entitled to extend the subscription period.

Each warrant entitles to subscription for one (1) share in the Company during the period from 2 June 2025 up to and including 2 September 2025, whereby the board of directors in the Company in individual cases shall have the right to extend the exercise period for all participants up to and including 15 October 2025 if the participant due to applicable rules is unable to exercise the warrants during the initial exercise period.

Subscription of new shares by way of exercising warrants during the period from and including 2 June 2025 up to and including 2 September 2025 shall be made to a price per share (the "**Exercise Price**") corresponding to 200 per cent of the volume-weighted average trading price of the Company's share on Nasdaq First North Premier Growth Market during the period from 3 May 2023 up to and including 10 May 2023 (whereby the calculated Exercise Price shall be rounded to the nearest tenth of a Swedish krona, whereby SEK 0.05 shall be rounded up).

The Exercise Price may not be less than the quota value of the shares. In the event that the Exercise Price exceeds the quota value of the share, the part of the Exercise Price exceeding the shares' quota value shall be allotted to the unrestricted premium reserve.

The Exercise Price and the number of shares that each warrant of series 2023/2025 entitles to may be subject to recalculation in the event of a share split, reverse share split, new issue of shares, etc., wherein the recalculation terms in the complete terms and conditions of the warrants shall be applied. If the warrants are exercised in full, the share capital will increase by SEK 35,070.80. There can be no over-subscription.

The right to subscription of warrants within Warrant Program 2023/2025 shall be made in accordance with the following guidelines:

Participant	Maximum number of warrants
CEO	80,000 warrants
CFO	40,000 warrants
CSCMO	40,000 warrants
CCO	40,000 warrants
CTO	40,000 warrants
COO	40,000 warrants
Certain key employees (amount: 10)	100,000 warrants (10,000 warrants per person)

Total:

380,000 warrants

The maximum number of warrants per participant is dependent on the participant's position and responsibility within the group.

The market value of the warrants shall be calculated in accordance with the Black & Scholes valuation formula by an independent valuation firm appointed by the Company, PricewaterhouseCoopers, as per 10 May 2023. An example calculation according to the Black & Scholes formula based on the assumption of an, since 28 March 2023, unchanged share price of SEK 7.7, results in a warrant value of SEK 0.43 per warrant, whereby the following input have been used in the Black & Scholes calculation:

Exercise price: SEK 15.3 (200% of the share price of SEK 7.7)

Risk-free interest: 2.78%

Volatility: 43%

Duration (years): 2.3

The calculation aims only to present an example and the option value according to the final calculation, which will be conducted by PricewaterhouseCoopers as per 10 May 2023, may deviate from the example above.

Since the participants will receive the warrants without consideration, they will be subject to tax on benefits for the benefit, i.e. a value corresponding to the market value of the warrants, at the time of receipt.

The warrants shall be governed by separate agreements between each participant and the Company. In the agreement, the participant undertakes to only exercise held warrants during the period 2 June 2025 – 2 September 2025 whereby the board of directors in the Company in individual cases shall have the right to extend the exercise period for all participants up to and including 15 October 2025 if the participant due to applicable rules is unable to exercise the warrants during the initial exercise period.

Vesting of the warrants shall, under certain conditions, be accelerated and the exercise period may, under certain conditions, be brought forward in the event of a merger where the Company is absorbed by another company or in case of a public offer for shares in the Company. In the agreement between the participant and the Company, the Company also reserves the right to, under certain conditions, purchase the warrants from the participant if the participant's employment within the Company terminates or if the participant acts in material breach of its employment agreement or the warrant agreement. Such purchase shall, depending on the circumstances resulting in the purchase, be made at the market value of the warrants or the lower of the market value of the warrants at the time of receipt of the warrants or the market value of the warrants by the time of the purchase. With the exception of purchases in connection with dismissal from employment (*Sw. avskedande*), termination due to personal reasons (*Sw. uppsägning av personliga skäl*) and the participant's material breach of the employment agreement or the warrant agreement, the right of the Company to repurchase the warrants expires on [2 June] 2025. The agreements will otherwise contain customary terms.

The board of directors shall be responsible for the preparation and management of Warrant Program 2023/2025 within the above-mentioned terms. If the board of directors considers that it is in the Company's interest to deviate from the provisions regarding repurchase of warrants in an individual case, the board of directors shall be entitled to make such a deviation.

Dilution effect and costs, etc.

The board of directors' proposal to resolve on issuance of warrants entails a dilution effect corresponding to a maximum of approximately 3.00 per cent of the shares and votes in the Company if the proposed warrants are exercised in full. The dilution effect is calculated as the relation between the additional shares that the warrants will be exercised for and the sum of the current number of shares and the additional shares that the warrants will be exercised for. Warrant Program 2023/2025 is expected to have only marginal effects on the Company's key ratios.

Since the warrants will be issued to the participants without consideration, Warrant Program 2023/2025 will result in costs for the Company, partly in the form of accounting salary costs (corresponding to the benefit value), partly in the form of social security costs. If all warrants that can be issued within Warrant Program 2023/2025 are allotted to the participants, and the market value of the warrants at the time of the receipt corresponds with the exemplary Black & Scholes-calculation according to the above, the accounting salary costs are expected to amount to approximately SEK 140 000 and the social security costs to approximately SEK 36 000.

Deviation from the Swedish Stock Market Self-Regulation Committee's Rules on Remuneration of the Board and Executive Management and on Incentive Programmes

In accordance with the remuneration rules of the Swedish Stock Market Self-Regulation Committee, it shall be specified and justified why a vesting period or period from the commencement of the agreement until a share may be acquired is less than three years.

The reason for the duration of Warrant Program 2023/2025 being less than three years is that the board of directors has made the assessment that a longer duration than the proposed, not sufficiently, would contribute to the ability to retain and attract key competence and increase motivation for the executive management and other selected key employees in the Company.

Preparation of the proposal

The proposal has been prepared by the board of directors together with external advisors.

Item 14 – Resolution regarding amendment of the articles of association

The board of directors proposes that the annual general meeting resolve on an amendment in the articles of association regarding the company's registered office:

	Current wording	Proposed wording
§ 2	The registered office of the company is in the municipality of Stockholm	The registered office of the company is in the municipality of Sundbyberg

The board of directors is authorized to make the adaptations necessary to register the change at the Swedish Companies Registration Office.
