

## **BIOFISH HOLDING AS Trading update Q2 2025**

### **Ljones, 7 July 2025 Highlights from Q2 2025:**

In line with previous guidance, BioFish had no deliveries in the second quarter, as volumes were shifted to the third quarter to meet customer preferences. This is consistent with the delivery pattern in the second quarter of last year.

For the full-year period, BioFish expects to deliver 1,000-1,200 tons of post-smolt, including 323 tons delivered in the first quarter.

The full Q2 2025 report will be published on Thursday, 21 August 2025, at 07:30 CEST.
