## PRESS RELEASE

23 January 2023 18:30:00 CET

## NIMBUS GROUP UNVEILED TWO NEW BOATS UNDER THE NIMBUS BRAND AT BOOT DÜSSELDORF BOAT SHOW

Nimbus Group AB (publ) has unveiled two new boats under the Nimbus brand – Nimbus W11 from the existing WTC series and Nimbus 465 Coupé, the largest Nimbus boat to date. The boats were presented at the currently ongoing Boot Düsseldorf boat show, where Nimbus Group has also launched new models in the Aquador series.

W11 is an evolution of the W9 (W stands for weekender) and is designed with more space and increased comfort. Improvements include a spacious aft lounge area with adjustable seating arrangements, multiple sunbeds, outdoor cuisine, gyro stabilization, ample storage for gear and toys, and a generous amount of deck space, allowing for maximum freedom of movement on board.

### Largest Nimbus boat to date

In parallel, the new Nimbus 465 Coupé was also presented – the largest Nimbus brand boat developed to date. The Nimbus 465 is a full 15 meters long and 4.6 meters wide and has been developed to provide all the comfort and safety that can be expected from a Nimbus and is intended for comfortable long-distance exploration. The boat has been primarily designed to meet the requirements and needs of the markets in North America, the Nordic region and around the Mediterranean. The Nimbus 465 Coupé has all the necessary equipment to ensure comfortable voyages extending over many weeks, regardless of whether the route takes you by natural or regular harbours.

### Defined growth strategy

With the launch of these two new boats, Nimbus Group is strengthening and broadening its range of boats under the Nimbus brand. Last year, Nimbus Group launched a whole new generation of boats under the Aquador brand and with the most recent additions to the Nimbus family, the Nimbus Group is further strengthening its offering to customers and position in the market.

“Nimbus Group has set the goal of growing in the powerboat market. With an attractive brand portfolio and collective resources, we are very well positioned to leverage the potential offered by the long-term increase in global interest in boating and marine activities,” says Jan-Erik Lindström, CEO of Nimbus Group.
