About ViroGates

ViroGates A/S is a global diagnostics company dedicated to transforming the understanding and management of inflammation across the healthcare spectrum. By developing next-generation blood tests that reveal the body's underlying inflammatory state, ViroGates empowers clinics to guide individuals toward healthier lifestyles and enables hospitals to make faster, more precise clinical decisions. Through its suPARnostic® product family, ViroGates is redefining how biomarkers can elevate patient care, support preventive health, and shape a more proactive future for medicine.

The company was founded in 2000. Headquartered in Denmark, ViroGates' sales force covers Spain, France, and Benelux, while distributors serve other markets. ViroGates' shares (ticker "VIRO") are listed on Nasdaq First North Growth Market Copenhagen. For more information, please visit www.virogates.com.
