Playdigious announces the release of Little Nightmares on mobile devices

Playdigious SAS, a wholly-owned subsidiary of Fragbite Group AB (publ) has today announced the upcoming release of the game Little Nightmares on mobile devices, which is scheduled for release this winter.

Little Nightmares was initially developed for PC and console by the game studio Tarsier Studios and published by Bandai Namco Entertainment Europe in April 2017. Playdigious will now develop mobile versions of the puzzle platform, which will be released this winter.

“The game Little Nightmares is yet a great project for Playdigious, demonstrating the ability by our French subsidiary to bring strong IPs to the mobile gaming market. I look forward to follow the release of this great game later on this year”, commented Marcus Teilman, President & CEO of Fragbite Group.

Playdigious places traditional PC games on primarily mobile platforms, where well-known and popular PC games such as e.g. Dead Cells, Northgard and Evoland successfully has been launched on the mobile gaming market.
