

# EPTI has been approved for trading on the Börse Frankfurts Open Market

**EPTI AB (publ) has received approval for listing of its shares on the Frankfurt Open Market (Freiverkehr). The first day for trading is February 3, 2022. The share will be traded under the short name EPTI AB with ISIN number SE0013774668.**

The listing means that as of today, EPTI's share is available for trading within the DACH region via both local banks and brokers. The German bank mwb fairtrade Wertpapierhandelsbank AG has on its own initiative listed EPTI for trading on the Open Market.

"EPTI today operates in seven European markets and has a clear focus of becoming Europe's leading venture builder. Through the listing on the Open Market in Frankfurt, a broader investor base gets access to EPTI and some of the most promising start and scale up companies on the market", says Arli Mujkic, CEO, EPTI

The Open Market is not an organised market in the sense of the Securities Trading Act (WpHG). For the issuing companies, however, the inclusion requirements are simpler than for the regulated market segment regulated by the EU. In addition, there are no follow-up obligations.
