

## Maven Wireless receives €4.8M follow-up order from Austrian ÖBB

Maven Wireless Sweden AB (publ) has today received an order from Tomek GmbH based on the existing framework agreement with the Austrian national rail infrastructure provider-ÖBB valued at SEK 51 milion

The order includes digital distributed antenna solutions (DAS) to cover the Semmering Base Tunnel in Austria. Public safety products for police, fire brigade and GSM-rail service will be used as well as mobile coverage product for connecting all Austrian mobile operators services in the tunnel. The order is expected to be delivered during 2027.

The order for the Semmering Base Tunnel underpins the deep working relationship we have with our customer in Austria but also our positions as leading player for both critical and cellular wireless coverage in-tunnel solutions", says Anders Olin, CEO

The Semmering Base Tunnel is a 27.3 kilometer long high speed rail tunnel under construction, and one of the largest tunnels in Austria. More information on [https://en.wikipedia.org/wiki/Semmering\\_Base\\_Tunnel](https://en.wikipedia.org/wiki/Semmering_Base_Tunnel)
