

Viscaria invites to a Capital Markets Day

Press release 9 April, 2026 14:00 CEST

Viscaria welcomes investors, analysts and other stakeholders to a Capital Markets Day in Kiruna, held in conjunction with the Annual General Meeting on 7 May 2026. The event takes place during a pivotal phase in the development of Viscaria's copper project – one of Europe's most significant mining projects.

Spring 2026 is characterised by clear progress. The work on starting up the water treatment plant is progressing, and the construction of key central infrastructure is taking shape on site, marking the transition from preparatory work to full-scale execution. At the same time, the latest geological results highlight the deposit's substantial growth potential.

During the Capital Markets Day, participants will have the opportunity to see the development first-hand, meet the team behind the project, and receive operational updates as well as insight into the company's production plan.

Programme – 7 May 2026

08:00–09:30 – Flight Arlanda – Kiruna

10:00–15:30 – Capital Markets Day, including site visit to Viscaria, lunch with the Board of Directors and executive management, operational update and geological insights, technology presentations, production outlook and execution plan

16:00–17:30 – Annual General Meeting, for pre-registered shareholders only

19:00–20:45 – Flight to Arlanda

Registration

Please register your interest by emailing event@viscaria.com no later than 16 April 2026.

About Viscaria

Gruvaktiebolaget Viscaria is a company that is scaling up to become a modern and responsible producing mining company through the reopening of the Viscaria mine in Kiruna. The deposit's high copper grade, assessed mineral resources, geographical location and growing team of experienced employees provide good conditions for the company to become an important supplier of high-quality and responsibly produced copper - a metal that has a central role in Sweden's and Europe's climate transition. In addition to the Viscaria mine, the company holds a number of processing concessions and exploration permits in Arvidsjaur (Eva, Svartliden, Granliden) and Smedjebacken (Tvistbogruvan) - all in Sweden. The Parent Company's shares are listed on Nasdaq Stockholm Main Market (ticker VISC).
