# Coop Norge live on new core banking platform from Knowit and Mambu

**Coop Norge is now live on Mambu's cloud-native core banking platform, with Knowit as lead system integrator. Coop Norge has moved all 2.4 million member accounts to the new platform.**

Coop Norge announced their choice of Knowit and Mambu earlier this year. Coop Norge, owned by 56 cooperatives, now manages the membership and voluntary deposits of all its members on the new platform, in one of the largest core banking migrations in Norway to date.

"Few projects in Norway touch this many people at once. Migrating millions of accounts without disrupting members takes careful planning and a team that knows the Norwegian landscape inside out. We are proud of what we have delivered together with Coop and Mambu" says Rune Ivarsflaten, CEO of Knowit Financial Solutions.

"Together with Knowit and Mambu, we now have a foundation that will serve our members for many years ahead," says Jens Olav Bjørnson, Head of Digital Channels, Loyalty and Marketing Technology at Coop Norge.

"Coop's go-live shows that cloud-native core banking can serve millions of customers in the Nordics. This is a clear signal that the Mambu and Knowit partnership can handle transformations of any size," says Patrick Rood, Director of Partner Business at Mambu.
