

## Diadrom has today received an order value of up to SEK 16,5 million including add-on options

Diadrom Systems AB, a wholly owned subsidiary of Diadrom Holding AB (publ), is a leading software company within diagnostics of Autotech. Diadrom Systems AB has today received an order for a work package from one of the world's leading suppliers of sustainable transport and infrastructure solutions, with a value of up to SEK 16,5 million including add-on options.

The order, which including all add-on options sums up to SEK 16,5 million, will last until the end of the year 2022 and is the largest order in the company's history. The order refers to a further extension and ramp-up of an already ongoing cooperation that relates to a set of aftermarket diagnostic solutions.

"Diadrom offers expertise and complementary products within diagnostics of Autotech. Our offers include a range of products, development of built-in software solutions as well as software development of IT solutions linked to life cycle management of advanced products. We are enormously proud to have gained renewed trust from one of the leading global suppliers within transport and infrastructure solutions, and hope for a long productive cooperation." says Carl Johan Andersson, CEO Diadrom.
