

ViaCon has today completed the acquisition of the assets from Bergschenhoek Civiele Techniek B.V. according to plan.

ViaCon has today, through its subsidiary ViaCon Netherlands B.V. (ViaCon), completed the acquisition of the assets from Bergschenhoek Civiele Techniek B.V. (BCT) related to the product range of MultiPlate, SuperCor, HelCor/Spirosol, and plastic pipes. Through this acquisition ViaCon will strengthen its market leadership position in Europe for corrugated steel-based civil engineering solutions.

BCT, located in Bergschenhoek and Zevenbergen in the Netherlands, is the largest producer of steel culverts in the Benelux region. In relation to the assets acquired by ViaCon, BCT develops, produces, and trades various solutions for culverts, tunnels and bridges, drainage and water storage.

Post-closing, ViaCon Netherlands B.V. will change its company name to ViaCon Bergschenhoek Civiele Techniek B.V..

The acquisition is aligned with ViaCon's strategy to grow further into Western Europe and to build a stronger foothold in the Benelux area as well as to develop and grow a high-margin business for all our business units.

For further information, we refer to previous press release of the acquisition.

The information was submitted for publication, through the agency of the contact person set out above, at 16:30 on 2nd of May 2022.
