

Careium AB places order for 40 Dosell, a Swedish made medication robot.

iZafe Group hereby announces that Careium AB, formerly Doro Care, is ordering forty Dosell medication robots.

"It's fun to work with some of the best in automated medication dosing. Dosell will free up more time for patient contact during home visits and play a crucial role in improving the quality of life for home care customers." says Nikola Josevski, Project Manager
Careium AB

Careium formerly Doro Care is the market leader with new innovation in Sweden and Norway and one of the leading players in the UK and the Netherlands. This position means that Careium is one of the leading players in Europe that provides welfare technology services. Careium's innovative solutions improve the safety, quality of life and independence of seniors both inside and outside the home. For the care provider, the company's solutions mean increased efficiency and the opportunity to invest resources in more valuable activities. Careium is one of the few players that can offer the entire chain with security alarms, sensors (fall sensors, smoke detectors, motion detectors, etc.), accessories (cameras, electronic locks, medication robots, etc.) and secure communication with alarm reception: the company provides a complete digital alarm chain.
