

## THE TINNITUS PRODUCT TINEARITY G1 HAS RECEIVED MARKET APPROVAL IN THE UK

**Today Tinearity G1 received certification for the UK, which means that the product has been approved for sale. The UK has the potential to be a significant market for Duearity as tinnitus is a problem that is widely recognized.**

The market approval means that Duearity can start sales in the UK. Tinnitus is widely noticed in the UK and white noise, which is obtained using the Tinearity G1, is a method widely recommended by the profession.

Tinearity G1 is a non-invasive medical device that sends white noise to the inner ear with the aim of relieving tinnitus. The Tinearity G1 can also be used when a person is undergoing Tinnitus Retraining Therapy, which is the most recommended method of treating tinnitus.
