- A recommendation that the board of directors elects a deputy chair. If such deputy chair is elected, the nomination committee proposes that remuneration for this assignment shall amount to SEK 2,200,000.

The purpose for the board to resolve on issuances

Press Release

Karlstad, Sweden, 18 August 2025

with deviation from the shareholders preferential rights in accordance with the above is primarily for the purpose to raise new capital to increase flexibility of the Company or in connection with acquisitions. If the board of directors finds it suitable in order to enable delivery of shares in connection with a share issuance as set out above it may be made at a subscription price corresponding to the shares quota value.

In connection with issuances in accordance with the above, the board of directors shall, when determining the number of shares, warrants or convertibles that may be issued pursuant to the authorization, consider and deduct the number of shares the Company holds itself at every given time after any possible reclaim of shares that have been issued in connection with acquisitions.

The board of directors or a person appointed by the board of directors shall be authorized to make such minor adjustments in the above resolution that may be required in connection with the registration with the Swedish Companies Registration Office.

Item 15: Resolution regarding authorization for the board to resolve on repurchase of own shares

The board of directors of the Company proposes that the annual general meeting resolves to authorize the board of directors during the period up until the next annual general meeting, on one or more occasions, to resolve on repurchase of own B shares on principally the following terms and conditions:

Purchases may be effected on Nasdaq Stockholm.

Purchases may be made up to a maximum number of B shares that the Company's holding of own shares corresponds to no more than one tenth of all shares in the Company.

Purchases of B shares may only be effected on Nasdaq Stockholm at a price that does not exceed a price higher than the higher of the price of the last independent trade and the highest current independent purchase bid on the trading venue where the share is traded and otherwise in accordance with the terms applicable as set forth by Nasdaq Stockholm. In the event that the acquisitions are effected by a member of the stock exchange as assigned by the Company, the price of own B shares may, however, correspond to the volume weighted average price during the time period within which the B shares were acquired, even if the volume weighted average price on the day of delivery to the Company falls outside the price range. Payment for the B shares shall be made in cash.

Press Release
Karlstad, Sweden, 18 August 2025

The main reason for possible purchases is to give the Company flexibility regarding its equity and thereby optimize the capital structure of the Company. Possible purchases may also enable own shares to be used as payment for, or financing of, acquisitions of companies or assets. In the board of directors' assessment, the authorization provides increased flexibility and may contribute to increased shareholder value.

The board of directors shall have the right to determine other conditions for purchases in accordance with the authorization.

The board of directors or a person appointed by the board of directors shall be authorized to make such minor adjustments in the above resolution that may be required in connection with the execution of the resolution.

Item 16: Resolution regarding authorization for the board to resolve on transfer of own shares

The board of directors of the Company proposes that the annual general meeting resolves to authorize the board of directors during the period up until the next annual general meeting, on one or more occasions, to resolve on transfers of own shares up to the number of shares which, at any time, are held by the Company.

Transfer of own shares may be carried out to be used as payment for, or financing of, acquisitions of companies or assets. Transfer of own shares may be effected otherwise than on Nasdaq Stockholm at an estimated market value or according to agreement with sellers in connection with acquisitions and may deviate from the shareholders' preferential rights. Payment for transferred shares may be made in cash, in kind or through set-off. Transfer of own shares may also be carried out on Nasdaq Stockholm at a price within the registered price range at any given time or otherwise in accordance with applicable regulations.

The board of directors or a person appointed by the board of directors shall be authorized to make such minor adjustments in the above resolution that may be required in connection with the execution of the resolution.
