Xplora Technologies AS – Invitation to presentation of Q1 2025 results

Q1 2025 marks a pivotal moment for Xplora — the first quarter where the company report consolidated financials including Doro AB, following the successful completion of the acquisition. This transformative move doubles Xplora's revenue base and expands its strategic scope and profitability, positioning Xplora as a leading European platform for family-centric services across Kids, Youth, and Seniors.

With Doro now part of the Group, and the commercial rollout of youth smartphones developed in partnership with HMD, Xplora is rapidly scaling across new verticals — reinforcing Xplora's mission to provide safe, smart, and scalable services for all generations. With a broadened platform, Xplora is now fully mobilized towards its long-term ambition of reaching one million subscriptions.

To mark this milestone, we are excited to announce that Julian Read, CEO of Doro AB, will introduce Doro's upcoming product series and Sanghyo Kim, CTO of Xplora, will lead a live demonstration of the newest HMD smartphones — our latest innovation in the Youth segment — offering a glimpse into the features and technologies that will also shape future products within the Youth and Senior category as part of our broader platform expansion.

We look forward to seeing you!

Program (all times in CET):

07:00: Q1 2025 report published on NewsWeb and Xplora IR website.

08:00: Live and webcasted presentation of Q1 2025 results, including Q&A, with:
