

M.O.B.A. Network achieves another milestone for Porofessor app: surpasses 14 million installs

Stockholm, November 6th 2024, M.O.B.A. Network is excited to announce that our in-game-app, Porofessor, has reached a remarkable new milestone, surpassing 14 million installs worldwide. This achievement reflects the app's increasing popularity and the strong demand for our high-quality tools and resources within the League of Legends community.

Since crossing the 13.5 million installs mark in August, Porofessor has continued to grow at an impressive rate, driven by our commitment to delivering meaningful enhancements and an engaging user experience. The app's sustained momentum demonstrates our team's dedication to continuously innovating and refining our offerings to meet the needs of our users.

M.O.B.A. Network remains focused on creating synergies across our growing portfolio, which now includes 25 niched web brands, in-game-apps like Porofessor and Valofessor, and our YouTube creator network, Union for Gamers. Supported by a global network of +1,000 creators, we're committed to delivering value by empowering gamers and content creators through platforms that foster engagement, learning, and community. As we look to the future, this milestone opens up new opportunities to deepen user connections and generate long-term value for our shareholders.

Anders Ribbing, CEO of M.O.B.A. Network, commented:

"Surpassing 14 million installs with Porofessor is a tremendous milestone that highlights the app's enduring appeal and utility within the gaming community. This achievement strengthens our resolve to continue improving our offerings, and we are excited to sustain this growth as we explore new avenues for innovation in the months and years ahead."
