Ovzon receives an additional order of 1.2 MUSD from U.S. DOD

Ovzon, through its partner Intelsat General Communications (IGC), has been awarded an additional 2-month order of approximately 1.2 MUSD to provide Ovzon SATCOM-as-a-Service solution to the US Department of Defense (U.S. DOD). Delivery begins immediately.

Ovzon's SATCOM-as-a-Service is the industry's leading integrated satellite communication solution for critical missions. It combines Ovzon's mobile satellite terminals, integrated with resilient and high-performing satellite networks and 24/7/365 service and support.

"We are humbled by the continued trust in us built on our long-term cooperation with the U.S. DOD. In times of geopolitical unrest, we do see an increased need for mobility, performance and resiliency to support our customers' critical missions. We stand ready to continue to support current and new customers with guaranteed connectivity", says Per Norén CEO of Ovzon.
