## **CORRECTION: INCORRECTLY APPLIED MAR-LABEL IN PREVIOUS PRESS RELEASE. PROLIGHT'S BOARD OF DIRECTORS HAVE DECIDED TO CARRY OUT A DIRECTED ISSUE OF UNITS TO UNDERWRITERS IN CONNECTION WITH THE COMPLETED RIGHTS ISSUE**

Incorrectly applied MAR-label in previous press release.

**Prolight issues a rectification regarding the press release earlier today, on January 9, 2024, at 2.45 p.m. The rectification refers to the press release incorrectly being labelled as information that Prolight is obliged to make public pursuant to the EU regulation on market abuse. The MAR-label should not have been included. Prolight Diagnostics AB (publ) ("Prolight" or "the Company") has, as previously communicated, completed the rights issue of units, consisting of shares and warrants of series TO6 and TO7, the Board of Directors decided on October 26, 2023, and that was approved by the extraordinary general meeting on November 27, 2023 ("Rights Issue"). In accordance with the underwriting agreements that has been entered into in connection with the Rights Issue, Prolight's Board of Directors has today decided on a directed issue of units to underwriters in the Rights Issue who have chosen to receive underwriting compensation in the form of new units (the "Compensation Issue"). The subscription price in the Compensation Issue has been set to the same subscription price as in the Rights Issue, SEK 0.70 per unit which corresponds to a subscription price of SEK 0.35 per share. All units issued through the Compensation Issue have been subscribed and allocated.**

As previously communicated in connection with the Rights Issue the underwriters, in accordance with the underwriting agreements, had the opportunity to choose to receive underwriting compensation in the form of cash compensation or in the form of new units. Several of the underwriters have chosen to receive underwriting compensation in the form of new units. Due to this, the Board, with the authorization from the annual general meeting on May 11, 2023, has today resolved on the Compensation issue, which includes a total of 1,285,714 new units. Each unit in the Compensation Issue consists of two (2) shares, two (2) warrants of series TO6 and one (1) warrant of series TO7. A total of 2,571,428 shares, 2,571,428 warrants of series TO6 and 1,285,714 warrants of series TO7 have been issued in the Compensation Issue. Payment in the Compensation Issue have been made by offsetting

the underwriters' claims against the Company for underwriting compensation. The subscription price was set to SEK 0.70 per unit, which corresponds to a subscription price of SEK 0.35 per share and corresponds to the subscription price in the Rights Issue, which was negotiated in connection with the procurement of the underwriting agreements and determined in consultation with financial advisors and through analysis of several market factors. With reference to the aforementioned and taking into account the prevailing market conditions, the Board considers that the subscription price is in line with market value.

The reason for the deviation from the shareholders' preferential right in the Compensation Issue is to fulfill the Company's contractual obligation towards the underwriters. The board believes that it is beneficial for the Company's financial position to take advantage of the opportunity to pay the underwriting compensation in the form of units instead of a cash payment.

### **Shares and share capital**

Through the Compensation Issue, the number of shares in the Company increase by 2,571,428 shares, from 497,211,520 shares to 499,782,948 shares and the share capital increase by SEK 257,142.80, from SEK 49,721,152.00 to SEK 49,978,294.80 (calculated based on the number of outstanding shares in the Company after the Rights Issue).

If all warrants of series TO6 in the Compensation Issue are fully exercised for subscription of new shares in the Company, the number of shares in the Company will increase with an additional 2,571,428 shares, from 499,782,948 shares to 502,354,376 shares, and the share capital will increase with an additional SEK 257,142.80, from SEK 49,978,294.80 to SEK 50,235,437.60.
